USER MANUAL

Purekeys USB Mouse
Model: PK-MUS-02

Touch Scroll Sensor
Swipe your finger forward or backward over the touch sensor located between the left and right buttons to scroll. Double-tap the touch sensor to simulate a middle button function.

Cleaning Instructions
The silicone cover is designed for quick and thorough cleaning with hospital-grade disinfectants, including 70% alcohol.

1. **Activate cleaning mode:**
   o Press and hold the left and right buttons for **10 seconds to enter cleaning mode** (blinking green light). The mouse is now disabled to prevent unintended inputs.
2. **Clean the mouse:**
   o Use your preferred disinfectant solution to clean the surface.
3. **Reactivate the mouse:**
   o Press and hold left and right buttons for **4 seconds to exit cleaning mode**. The mouse is now ready for use.

Compliance
Purekeys declares that this product complies with the essential requirements and other relevant provisions of the European Regulation 2004/108/EC.
